

InterUM Konnekt

Instructions employee

Working hours will have to be submitted digitally in the online portal InterUM Konnekt. In this portal you can check the status of your vacancy applications, submit timesheets, check timesheets you have submitted in the past, check your payslips after every salary payment and check your annual statement which you will need for the yearly tax declaration.

This document will guide you through the process of submitting timesheets. If you seek information not covered by these guidelines, you can contact InterUM via bureau@interum.umholding.nl or 043-388 2688.

IMPORTANT: Please note that you only have to submit timesheets if you work on a flexible basis. If a set number of hours was announced to InterUM, you do not need to submit timesheets.
